RE: Qwest Communications Corporation Response regarding Customer Education Plan
Case No. 2006-00357 regarding 270 Area Code

Dear Sir/Madam:

On May 31, 2007, the Public Service Commission ("PSC") issued an Order instructing each ILEC, CLEC and wireless provider certified to provide telecommunications services within the state of Kentucky to file in the referenced case its proposed customer education plan. The purpose of such plan would be to ensure that customers are aware of the area code region split and associated dialing changes.

Qwest Communications Corporation ("QCC") submits this correspondence in response to the PSC's directive regarding customer education plans. Please be advised that QCC does not currently have basic local exchange customers within the 270 area code. Since QCC will not be submitting a customer education plan to any basic local exchange customers, QCC will not submit a proposed customer education plan in the referenced docket.

Please contact me if you have any questions regarding this matter. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Marjorie O. Herlth".

Marjorie O. Herlth
